

The Intel Campus (CH) in Chandler, AZ

Chandler Campus Address:

5000 W Chandler Blvd.
Chandler, AZ 85226

Investing in Arizona: Intel established a presence in Arizona in 1979, and began operations in Chandler the following year. With more than 11,000 employees, Intel Arizona is the company's second largest site in the U.S., and the largest employer in Chandler.

The Chandler campus features solar-panel-covered parking structures, electric vehicle charging stations and low-water-use xeriscaping.

Employees can take advantage of the on-site health clinic, fitness center, sports fields, spa-salon and bank branch. The Chandler campus buildings house office workers, lab space, a distribution center and research-and-development facilities.

Manufacturing and R&D: Since 1996, Intel has invested more than \$20 billion to build high-tech manufacturing capacity in Arizona. The Ocotillo site has the distinction of manufacturing Intel's latest technology. Each year, Intel spends more than \$500 million to support research and

development in Chandler.

Intel's Environmental Stewardship: Intel's manufacturing and R&D facilities feature energy and water conservation measures that exemplify Intel's long track record of environmental stewardship. Intel's new construction standards have been designed to meet or exceed Leadership in Energy and Environmental Design (LEED) Gold criteria. Intel's new R&D facility in Chandler was awarded LEED Gold certification in 2014.

Intel in the Community: In 2015, Intel employees, Intel Corp. and the Intel Foundation gave more than \$10.5 million in grants, donations and in-kind gifts to local schools, universities, and non-profits. About 5,000 Intel Arizona employees volunteered 161,000 hours in local schools and non-profit organizations. Through the Intel Involved Matching Grant Program, their time spent volunteering generated matching grants from the Intel Foundation of over \$1.2 million, benefitting more than 500 local schools and non-profit organizations.
