Tet Outreach 2011 – January 2011

With 161 Intel volunteers delivered more than 500 Tet gifts to poor families in District 9, Ho Chi Minh City – a joint event with Saigon Hi-Tech Park brought joyfulness on Vietnamese New Year 2011 to hundreds families with difficulties.

It was the first year Intel Vietnam invited recipients to the site and it was also a great chance for local people to get to know more about the Intel factory and the Intel community culture. The event generated great feedback from the local government and recipients.

Safety Education Camp 2011 – April 2011

Safety Education Camp and Helmets for Kids were organized at Nguyen Minh Quang primary school in the corporation between Asia Injury Prevention Foundation (AIFP) and Intel Products Vietnam, 172 employees joined with thousands of students through meaningful activities to raise awareness not only for children but also teachers and parents on traffic safety prevention to reduce daily traffic accident and to make real difference in children's lives. The helmet for kids program generated more than 700 volunteer hours included painting a traffic safety corner and conducting student helmet fittings and trainings.

Tree Tending in Vinh Cuu Nature Reserve Zone

In our Environmental activities, Intel Products Vietnam conducted a Tree tending program at Vinh Cuu commune with the participation of 128 employees and students of Vinh Cuu Environment Club. This follow-up activity is aimed to tend the Intel Forest and supported the WWF's environment reservation campaign. Total 1156 hours were generated by Intel volunteers and were matched by the Intel Foundation for further environment activities.

Free Wi-Fi Package for Children's Hospital

Intel, in partnership with Cisco and CMC, donated a free wifi system to Nhi Dong 2 Hospital in HCMC. It was a well-received project to community.

World Blood Donor Day – June 2011

In response to the World Blood Donor Day, Intel Products Vietnam coordinated with AmCham and other companies to organize blood donations at various locations. The effort collected 545 blood units (114,750ml) which was donated to the Hospital of Hematology and Blood Transfusion. 105 Intel employees participated in this life saving activity which generated 240 volunteer hours.

Tree planting and clean up school yard of Hue Secondary School –Hue - July 2011

In response to the International Chemistry Day and the Intel ISEF conference in Central of Vietnam, a joint volunteer project was organized between Intel, MOET, Hue City authority and Provincial Education Departments, teachers and 200 pupils. The group planted trees and cleaned up the school yard. Mr. Tuan, Principal of Hue National High

School and Ms Nguyen Thu Ha, Director of Hue Education & Training appreciated Intel's initiatives in environment protection. "Such a small activity influences us a lot in future school events".

School Painting – August 2011

Nearly 500 Intel employees came out to paint the Long Thanh My primary school and generated 3532 volunteer hours. This activity reflected the ongoing commitment of Intel Vietnam in supporting local education institutions beyond the just providing teaching equipment. The event served as a teambuilding event for many departments as well.

Coastal clean-up – September 2011

On the International Coastal Clean-up Day, Intel Products Vietnam and The American Chamber of Commerce in Vietnam (AmCham Vietnam) coordinated with the Center for Marine Life Conservation and Community Development to organize the “International Coastal Cleanup”. With the theme “Trash Free Seas”, the event took place at Phuoc Tinh

Commune, Long Dien District, Ba Ria – Vung Tau Province. “International Coastal Cleanup” is a worldwide environmental event, celebrated by voluntary organizations and individuals in many countries. In total 451 employees joined and generated 5572 volunteer hours through this activity.
