

VIETNAM ENVIRONMENTAL AWARD 2013

Vietnam Environment Awards 2013 is an **exclusive** award given by the Ministry of Natural Resources & Environment to individuals, communities, agencies and companies who have big ideas/contribution to improve the environment, according to Circular 13/2010/TT-BTNMT dated Jul, 2010. **Intel** was one of the 31 recipients of the **Vietnam Environment Awards 2013** for our outstanding contribution in protecting the environment, applied criteria was based on natural resources conservation, waste management, awareness campaign and community initiatives which majority of our employees participate into. The event was held in the capital city of Thua Thien – Hue province as the country celebrates the World Environment Day last June 5, 2013. This is our first time to receive this award, including 2 certificates, a plaque and 10M VND cash award.
