Dear Mr. Horwath:

The Department of Environmental Quality (DEQ) has performed a review of your renewal application material submitted in December 2015 and determined that it is complete for processing. Your permit renewal has been assigned application number 957636. DEQ will contact you if additional information is required.

Please include the file number 41940 in the subject line of all correspondence with DEQ. Your existing permit is administratively extended pending final action by the Agency. This means you must still comply with the terms and limits of the permit.

Mer Wiren has been assigned to process your application. Please contact Mer in the Northwest Region Office at (503) 229-5292 or by email at [wiren.mer@deq.state.or.us](mailto:wiren.mer@deq.state.or.us) with questions.

Sincerely,

Kate Strohecker
